ch 3, slp into next ch 3 from previous row, repeat across, slp into 1st ch 3

ch 5 slp into ch 3 from previous row, repeat across, slp into 1st ch 5, bind off. Weave in ends

Take ribbons, i- cord, or crocheted chains and weave through the double crochet row in the middle of the glove. I recommend using two ties and

attaching them inside the glove non either side of the thumb rather than weaving on piece all the way through so hand movement is not restricted. Tie in a bow and enjoy!
